Century 21

Sunbelt Realty, Inc.

Dear Eddie,

I would like to personally thank you for your help in arranging the refinance of our home we built at 3757 Tangerine Drive, St. James City. You not only delivered the loan in a timely manner, but you provided counseling service as well, which was greatly appreciated.

With the state of the economy, getting a bank or mortgage company to refinance our home was a very difficult process, starting with a construction loan that was denied on the scheduled day of closing because of a mortgage officer not doing her job correctly and then came the bank that sent an out of town appraiser who came back with a ridiculous and insultingly low appraisal. My problem was solved when I received an email from you and First Florida Financial Group, LLC. From that point on, it was smooth sailing. From beginning the application to closing the loan, it was a breeze.

You are a pleasure to work with, highly professional and I would happily recommend you to fellow Realtors and buyers.

Sincerely,

Jonna Bouchard
